

Brown Bag Series:

Ritual and Rock Art in the Desert: Excavations in Katjarra, Australia

Speaker: Bree Doering

Host Department: Museum of Anthropology

Date: 09/11/2014

Time: 12:00 PM - 1:00 PM

Location: room 2009, Ruthven Museums Building

Description:

This talk shares the results of recent fieldwork conducted with the University of Western Australia in the Little Sandy Desert at two rock shelters, Serpent's Glen and Bella Vista. These rock shelters show evidence of occupation in multiple phases throughout the past 23,000 years and reflect complex networking strategies of Australian hunter gatherers both in the recent and more distant past.
